Information technology *Current GPA: 2.9/4.0*

SKILLS

Languages: PHP, Laravel, JavaScript, HTML/CSS, MySQL
Tools: Git/GitHub, VS Code

PROJECTS

FlowerShop | *HTML, CSS, JS, PHP, Boostrap, MySQL, Git VS Code* Nov. 2022
- Homepage: Displays a list of products, allows viewing product details, searching for products, and managing the shopping cart.
- Admin: Manages products with basic CRUD functions.
- Registration and login functionality.
- Github : https://github.com/HaoVo2007/flowershop

Portfolio | *HTML/CSS, JS, Boostrap, VS Code* May 2023 – Present
- Displays my basic information
- Supports display on different devices
- It serves as a comprehensive representation of my work, including projects I've completed, my educational background, and any relevant experiences.
- Github : https://github.com/HaoVo2007/Portfolio

Todo-List | *HTML/CSS, JS, Boostrap, Laravel, MySQL, VS Code* Aug. 2023
- My todo list project is a simple yet effective task management application designed to help users organize their daily activities and improve productivity.
- Users can create, edit, and delete tasks, set deadlines, prioritize tasks, and mark them as complete.
- Github : https://github.com/HaoVo2007/Todolist

HOBBIES

Playing the soccer 2013 – 2019
Playing soccer allows me to channel my energy into a sport that I love while staying active and healthy. Whether it's a friendly pickup game with friends or a competitive match, the thrill of chasing the ball and scoring goals never fails to excite me.
